

MERCHANT EXPORTERS

Spices Catalogue 2026

Company Profile

ANVI Global is an India-based merchant exporter specializing in turmeric and core Indian spices for global trade.

The name **ANVI** represents “Achieving New Visions Intelligently”, reflecting our approach to doing business with clarity, strategy, and smart execution. This also serves as our brand tagline, symbolizing innovation, long-term vision, and intelligent growth.

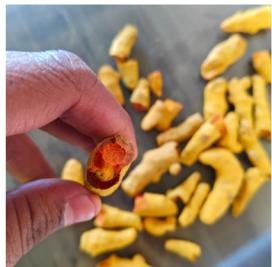

Our motto, “**Serving Indian Culture through Spices across the Globe**,” reflects our belief that spices are more than products — they are a representation of India’s heritage, identity, and trust in global markets.

We work with verified producers and processors, applying structured quality control, export-compliant packaging, documentation accuracy, and reliable trade execution. Our focus is to deliver products that meet buyer requirements while ensuring consistency, transparency, and international trade discipline.

ANVI Global provides **end-to-end merchant export services**, including product sourcing against confirmed orders, quality inspection coordination, export documentation, customs compliance, logistics planning, and shipment execution to global markets.
